Hello, I'm a front-end developer with over **3 years** of experience. I enjoy building **websites**.

Skills

- React.js | Next.js | Three.js | TypeScript | JavaScript | SCSS | Tailwind CSS | Redux | Firebase | Framer Motion

Experience

Front-End Developer **SoftRadix Technologies Pvt. Ltd** *Chandigarh, IND* **05/2022 - 05/2024**

- **E-commerce Portal Development:** Led the front-end development for an e-commerce portal, enabling clients to sell custom apparel.
- **Travel Website Development:** Developed a travel website named "Company for Nice Travel" using Next.js, Google Maps, Redux Toolkit, and Firebase. Implemented a real-time chat feature using the Firebase database.
- **3D Shirt Customization Project:** Worked on a project that allows users to customize costumes via a 3D model. Utilized **React-three-fiber** and Zustand for the development of this project.
- **Client Interaction:** Managed client relationships and handled projects independently, ensuring client satisfaction and project success.

Front-End Developer **Snowflakes Software Pvt. Ltd** *Chandigarh, IND* **04/2021 - 04/2022**

- **Interactive Dashboard Development:** Designed and developed an interactive dashboard for a financial services company, utilizing React.js and D3.js for data visualization. Implemented responsive design principles to ensure usability across various devices.
- **E-commerce Website Revamp:** Led the front-end revamp of an existing e-commerce website, improving the site's performance and user engagement. Integrated payment gateways, enhanced security features, and implemented few more functionalities.

Personal Projects

- **3D Shirt Configurator:** This project allows users to customize costumes via a 3D model. Utilized **React-three-fiber** and Zustand for the development of this project.
- **AI Image Generator:** Transform text into stunning images with this React.js-powered AI Image Generator, fueled by OpenAI's DALL-E 3.

Education

Bachelor of Computer Applications **JMIT** *Kurukshetra, IND* **06/2019 - 06/2020**

- After one year of college, I chose to drop out and pursue my passion for web development independently. Through dedicated **self-study** using Google, Youtube and Udemy courses, I secured a position as a front-end developer.

Interests

- When I'm not coding, I enjoy playing **chess**, watching movies, and chilling out with my friends. I also have a keen interest in learning new things. Currently, I'm delving into philosophy—it's like diving into the depths of **life's** big questions.
